

DAVIS' AGENTS WANTED

UNION WALTER FILTER

PATENTED OCTOBER 20, 1883.

Manufactured by C. W. FRANKLIN & CO.,

No. 104 Washington street, Chicago, Ills.

IF you want to PRESERVE your HEALTH, procure one of these FILTERS and PURIFY YOUR WATER.

No Family should be without one.

They will Cleanse the most Impure and Muddy Water, and render it Clear and Healthy, and will Soften Hard Water.

The great improvement in these Filters, consists in having a Stone Jar in the base of the tub to receive the filtered water; and that the tub can be thoroughly cleaned without disturbing the filtering material, which consists of bone Coal and white lake Sand, and does not require re-packing for three or four years.

We manufacture four sizes of Tubs, and larger ones when specially ordered.
