

Water Works Election.

Water is popular in Springfield. The act incorporating the Water Works Company of Springfield was carried by three hundred and thirty-four majority! All the puffing and blowing of our neighbor of the *Register* did not avail anything. The people were determined that a few selfish property-holders should not hold back the progress of the city, and that Democratic politicians should not starve poor people to place themselves in power. The laboring men deserve much credit for the manner in which they have stood by the interests of our city, and we trust that the work to be done will bring them labor and bread.

The following is the vote:

First Ward,.....	262
Second Ward,.....	167
Third Ward,.....	187
Fourth Ward,.....	250
	866

Majority 334. We might say more, but we will spare the feelings of the enemies of water.
