

NOTICE.

Baltimore Water Company.

The President and Directors of the Water Company, considering the necessity of regular and prompt payment, to enable them to comply with their own engagements, which are all for ready money; the loss and delay that has already and must hereafter occur by death and other accidents where credit is given, and the great difficulty and expense of collecting where the transactions are so numerous, have

RESOLVED,

That all water rents must be paid half yearly in advance, on the first day of July and the first day of January, at the office of the Water Company

That no deduction in water rent can be allowed when the water is stopped in the pipes of conduit, for the purpose of repairs, alterations, &c. unless the stoppage exceeds three days at any one period

Every person on applying for water must pay in advance the sum of ten dollars; whenever the supply pipe is laid, and an account of the expences thereof and the water rent up to the next half yearly day of payment is furnished, payment must be made of the balance at the Company's office, within three days after the said account is thus furnished, under the penalty of the stoppage of the water and the loss of the ten dollars advanced, and the company must have the liberty to enter into the premises, take up and remove, if they choose to do so, all pipes, etc.

No person who is or shall be supplied with water, is on any account to admit water to be drawn and carried from their pipes or hydrant for any purpose except for the use of their own families, nor wilfully to draw and waste the water, under the penalty of having the supply stopped, which cannot again be returned without a new application to the company, and the payment of a fine of five dollars at the time of applying.

If any rented house supplied with water, should at any time for a period not less than three months, be vacant and not occupied, the owner, by giving a statement of the same to the office of the company, shall have the amount of the water rent deducted, during the said period. All owners of property must be accountable to the company for water rent, and not the tenant.

By order of the Board,

SAMUEL A. CHEW, Sec.

June 16.
