

# OWNERS OF FURNACES.

## NOTICE.

**P**ROPOSALS will be received by the **NEW YORK WATER WORKS COMPANY**, until the 1st day of August, for furnishing them with **CAST IRON PIPES**, to be delivered at any landing place they may direct, within the city and county of New-York. The pipes will vary from 3 to 30 inches diameter, of soft strong iron, capable of being drilled, in length 10 feet, and as much longer as they can be furnished, and of such thickness as will be sufficient to bear a pressure of 100 lbs. to the inch. The greatest quantity wanted, will be of 4 inches diameter. The proposals may be made either by the ton or foot, stating the quantity that will be furnished during this and next year.

**SAMUEL LEGGETT**, President.

New-York, May 23d. 1825.

P. S. The daily papers in New-York and Albany, will please insert the above for 6 weeks, and send their bills to the Company for payment.
